

The Yuba Fest is an event for those individuals that recreate, fly fish, protect or enhance the Lower Yuba River. The Yuba Fest is co-hosted by Fly Fishing Traditions, the Gold Country Fly Fishers and The Reel Anglers Fly Shop

We would like to invite you to the "Yuba Fest" event which will be held on October 13th, 2018 from 10am-4pm. The event will be held at Sycamore Ranch County Park on the Lower Yuba River. The Yuba Fest will showcase fly fishing guides, fly clubs, fly shops, environmental groups and state agencies that are all working hard to make the Lower Yuba River and her watershed the best it can be. Our co-hosts want to give back to the river that has given so many wonderful memories to us all.

The Lower Yuba River is a wonderful place to recreate, fly fish, drift and hike. We are looking to protect it for future generations. Educating all people that love the river is the key to the Lower Yuba's success and its future. We are hoping that the Yuba Fest will become a yearly event for many years to come.

This event is free to all who would like to participate! We will have fly fishing workshops to learn about fly fishing and to enhance your fly fishing skills. There will be a "Fly Fishing for Kid's" element which will include fly casting, fly tying and learning about the bugs that trout eat.
